GEELY

A New Standard for Global Compact SUVs

Geely's first compact SUV built on the globally leading BMA architecture sets a new standard in configurations and technology in the global compact SUVs arena with its young, fashionable, intelligent, and sports genes.

Designed by a young global team, the New Coolray Plus design is based on Geely's latest "Accelerating through Time" aesthetics and is made to match the self-confident personalities of the young and fashionable.

Innovative ripples-shaped front grille design
constitutes a fluid and a dynamic profile.

Smart and environmentally-friendly cockpit

Eco-friendly leather-finished cabin and smart PM2.5 filter system ensures clean and fresh air passage for all car passengers

1.5TD Engine and 7-Speed DCT

Acceleration 0-100 km/h: 7.9s

Fuel consumption per 100km: 6.4L

High performance provides excellent driving dynamics

Passive Start/One Button Start

LED headlights include daytime running lights

Panoramic Sunroof

Powered Tailgate

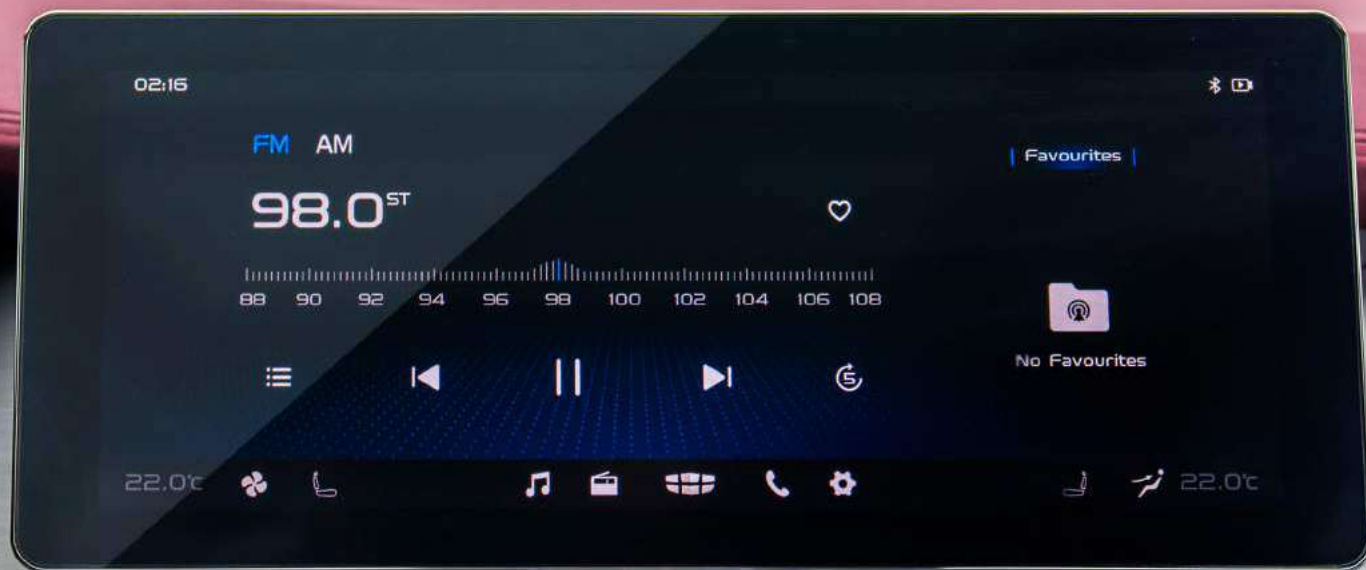

Black Sport Rims

Ventilated Seats

10.25" LCD Screen with 360° Camera

Electronic Parking Brake (EPB) system

Computer-controlled brake-unit

Auto Hold

Automatic Holding & Release on non-movement and pedal-press

3-Driving Modes

3-Modes, 3-Styles, and 3-Experiences
Switch between Normal, Economy, and Sport, with a touch of one button

7-inch LCD instrument panel

Three-themed vivid colorful display hosts alerts and other critical internal and external information

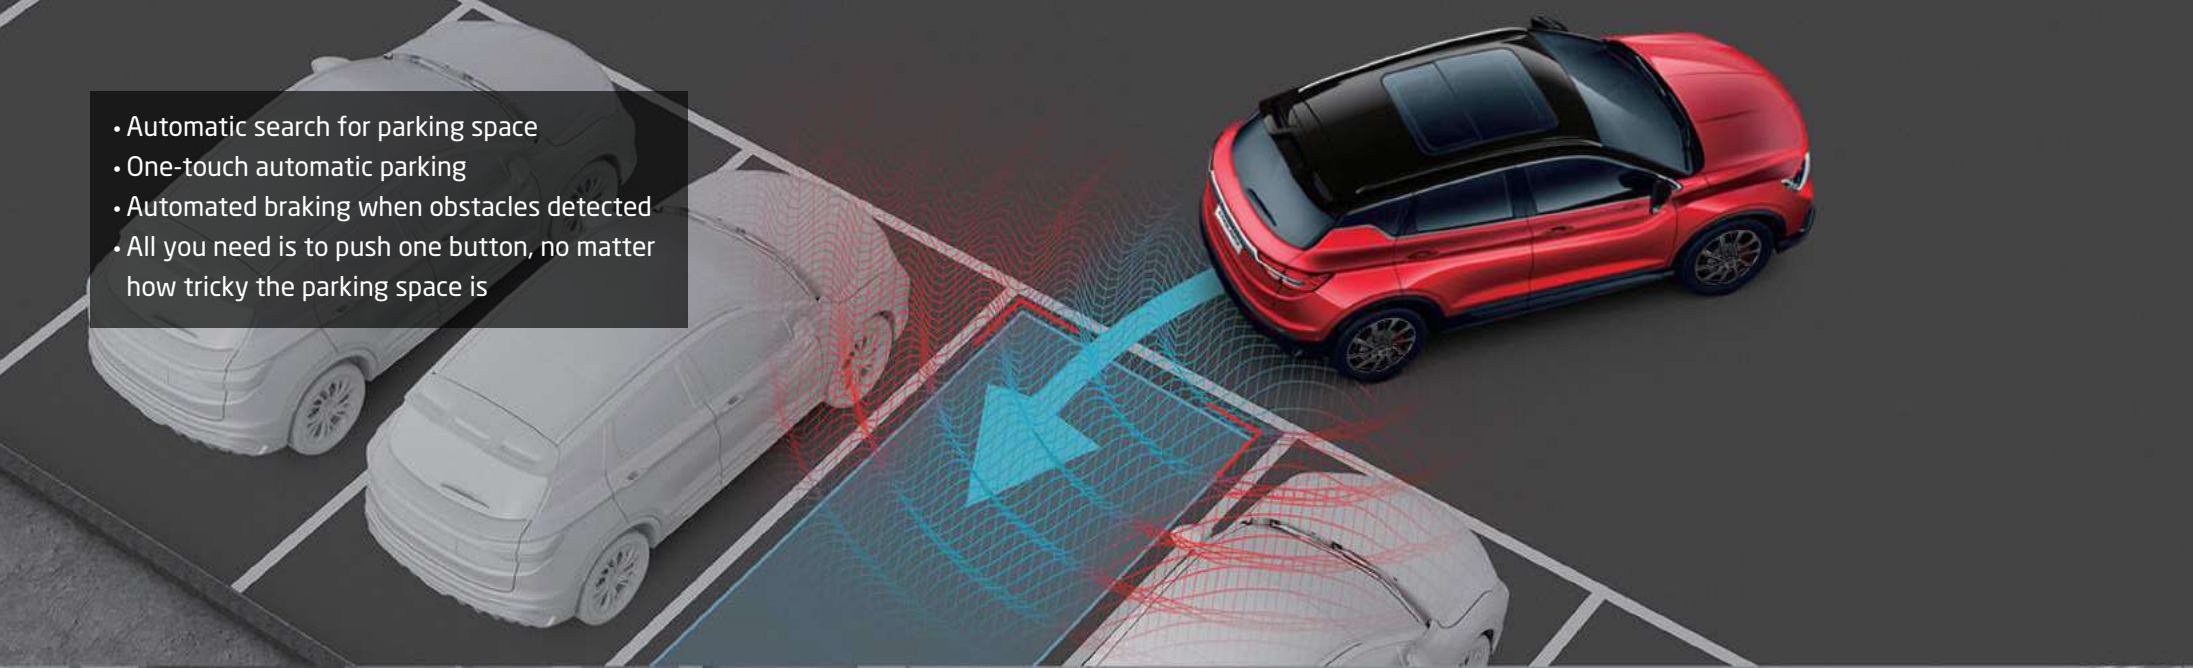

Paddle shift enables complete control over gearbox with hands on the steering wheel

Electric shift lever

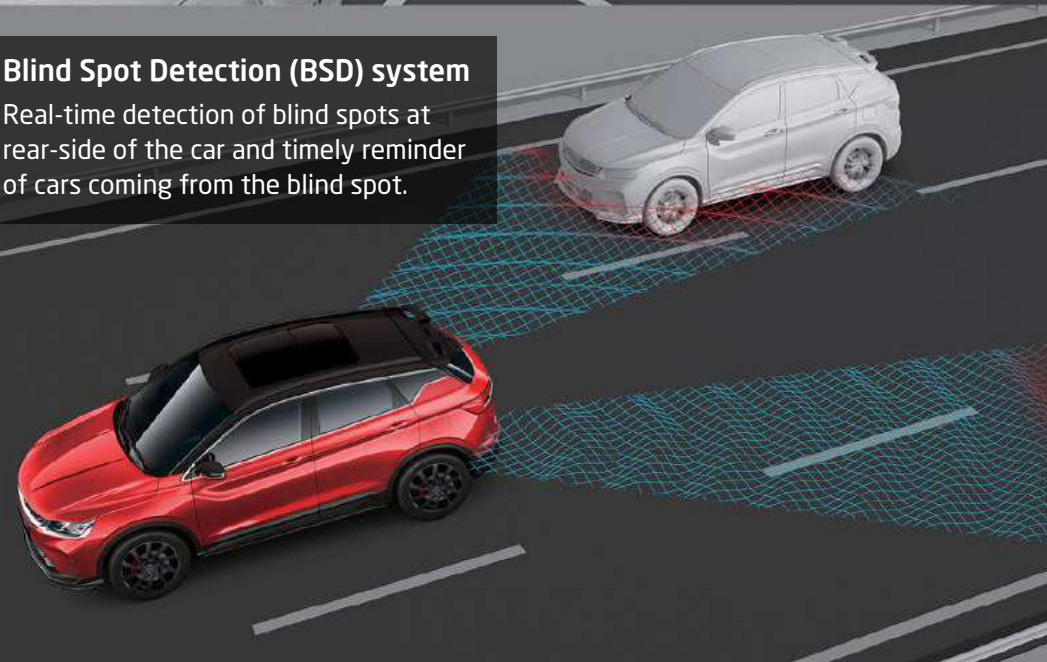

High tech, easy to operate, one-button Park, and other smart driving functions

- Automatic search for parking space
- One-touch automatic parking
- Automated braking when obstacles detected
- All you need is to push one button, no matter how tricky the parking space is

Blind Spot Detection (BSD) system

Real-time detection of blind spots at rear-side of the car and timely reminder of cars coming from the blind spot.
